

INFORMATION USE LANGUAGE
Wisconsin Prevention Reporting System

The Prevention Board requires that clients are informed about the type of data that is entered into DAISEY and provide consent for the entry of their personally identifiable information.

This recommended language can be used in a stand-alone consent form or added to existing Notice of Privacy Practices (NPP) documents. Please consult with the Prevention Board before implementing a revised version of this statement.

[Agency Name] is part of the Wisconsin Prevention Reporting System. As part of this system, we enter your data in an electronic data system: Data Application and Integration Solution for the Early Years (DAISEY). The system is designed to keep your information secure.

We will only use your information to track, evaluate, and improve services.

Information that will be entered in the system includes:

- Personally Identifiable Information (Name, gender, date of birth, zip code).
- Limited Demographic Information Provided (Ex: gender, race/ethnicity, age, etc)
- Information about services you receive (Ex: type of parenting program, sessions attended).
- Information about assessments you receive as part of a service.

Do you agree to allow your personally identifiable information to be entered into DAISEY?

YES, my / my family's personally identifiable information can be entered into DAISEY for the purposes of tracking, evaluating, and improving services. I understand that I can revoke my agreement at any time by notifying a participating service provider.

No, my / my family's personally identifiable information cannot be entered into DAISEY. I understand that my/my family's information will be included in the system, but that the information entered will not be personally identifiable.
